Re: In the Matter of Charter Communications, Inc.’s Request for Waiver of Section 76.1204(a)(1) of the Commission’s Rules, Implementation of Section 304 of the Telecommunications Act of 1996, Commercial Availability of Navigation Devices, CSR-8470-Z, MB Docket No. 12-328, CS Docket No. 97-80, PP Docket No. 00-67.

Dear Ms. Dortch:

This letter is filed in response to Charter Communications’ *ex parte* submission by CEO Tom Rutledge on April 4, 2013. This submission is the 6th letter submitted by Charter on this proceeding in the face of unanimous opposition. I would also highlight repeated letters from the Consumer Electronics Association including today’s submission which highlights that this waiver petition is not about common reliance – it is about ending their CableCARD obligations entirely once “a third-party retail device with downloadable security is available for use by Charter subscribers”.

It would be a travesty if the FCC Chairman grants a contested waiver with empty promises supported by no one as he prepares to depart from the FCC “in the coming weeks.”

Respectfully submitted,

/s/ Samuel Biller
